Easy-Access Showers

Whether you're looking to **modernise** your bathroom, improve **safety** and **accessibility**, or **future-proof** your home with a complete shower solution, Assisted Living has the perfect option.

From our **quick** and **cost-effective** Bath Out, Shower In conversions to complete bathroom transformations, we offer **high-quality, stylish** solutions with optional toilets, wash basins, wall-panels fitted furniture and accessories – can all tailored to your needs.

Walk-in Baths

A **Walk-in Bath** is a safe, comfortable bathing solution designed to make everyday life easier for those with reduced mobility, joint pain, or difficulty stepping into a traditional bath. Featuring an access door and built-in seating, it allows users to enjoy a **relaxing soak** without the worry of climbing over a high bath edge.

Many models also include **slip-resistant** surfaces, easy-to-reach controls, grab handles and anti-scald thermostatic bath taps for added comfort and **peace of mind**.

Assisted Living's range of P-Shaped Walk-in Baths combine the style and practicality of a contemporary family bathroom with accessible bathing features designed for everyday ease of use.

Wetrooms

A **wetroom** is a **modern, fully waterproof** bathroom solution designed to make showering safer, easier and more accessible. With a **level-access** shower area and no raised step, it provides a **comfortable, practical** space that can adapt to your changing needs and help **future-proof** your home.

Ideal for wheelchair users or anyone seeking **effortless access**, our **wetrooms** combine safety with contemporary design. Available in a range of layouts, finishes and accessories, they maximise space while creating a **stylish, functional** bathroom tailored to your lifestyle.

Our range of optional **bathroom extras** allows you to personalise your new space with the perfect finishing touches.

Whether you're looking for **practical** solutions to improve comfort, safety and everyday convenience, or stylish upgrades that create a more modern and luxurious feel. From **grab rails**, **slip-resistant** flooring and **comfort height toilets**, to contemporary fitted furniture, illuminated mirrors and easy-clean wall panels.

Choose from a range of **colours**, **finishes** and **accessories** to create a bathroom that feels **personal** to you.

We'll help you select the details that suit your home, **lifestyle** and **budget**.

Thoughtfully
designed to bring comfort,
safety and style into
everyday living.

Case Study

From Existing Bathroom to Modern Wetroom

Mrs Mulrooney wanted to refresh her existing bathroom with a brighter, more modern design to improve comfort, practicality and ease of maintenance.

The Challenges

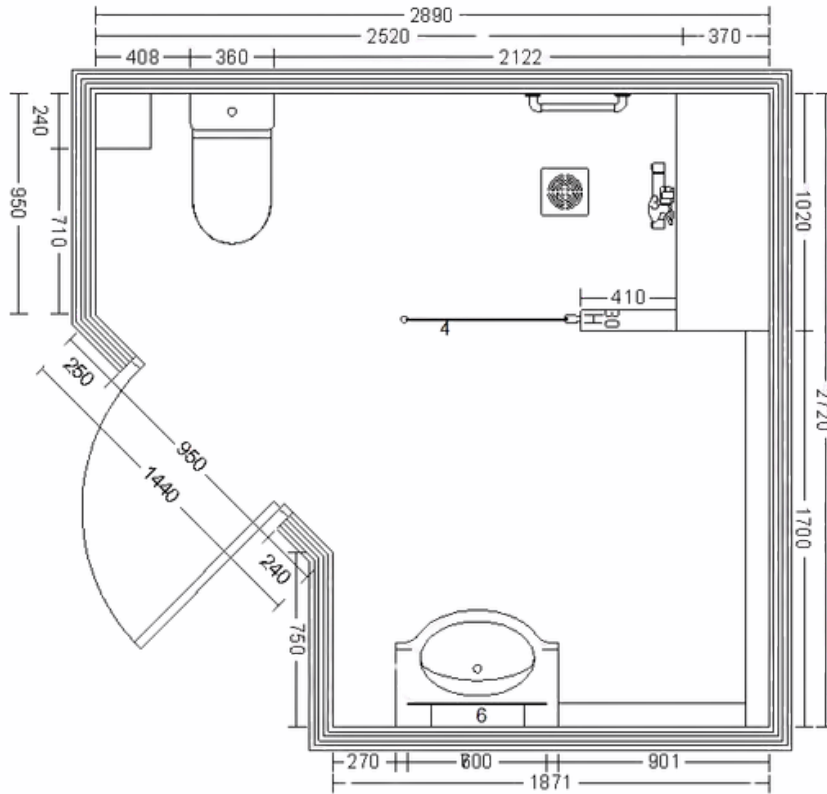

- ✓ Limited accessibility and safety features
- ✓ Poor layout and showering space.
- ✓ Difficult-to-clean surfaces and grout.
- ✓ Outdated finishes throughout.
- ✓ Lack of modern storage and practicality.

The Goal

To transform the bathroom into a modern, safe and easy-to-maintain space that improves comfort, safety & accessibility.

2D Plan

The redesign included features such as:

- ✓ Level-access showering for safer, easier use.
- ✓ Improved layout with more practical shower space.
- ✓ Easy-clean wall panels and low-maintenance surfaces.
- ✓ Modern fixtures, fittings and fresh finishes.
- ✓ Practical storage and fitted bathroom furniture.

"This company delivers friendly and efficient service providing good quality products at a reasonable price. The workmanship is top quality and delivered with a smile. I can highly recommend."

"We are overwhelmed and thrilled with the amazing transformation and result of my elderly mum and dad's new mobility wet room. It has changed their lives regarding mobility and confidence showering safely!"

Mrs Hutchings

"From start to finish Cheryl and her team were very welcoming, reassuring and professional. In four days the bathroom was completely transformed with minimal mess or upheaval."

Mrs Sanderson

**“THE INSTALLERS WERE
VERY PROFESSIONAL
AND FRIENDLY AND
MADE THE MINIMUM OF
MESS.”**
